Summary and Deadlines from the Online working meeting SELID and EFOS

29. April 2021

Program of the meeting:

1. Decision for the scheduled meeting in Dresden 22. and 23. June 2021
2. Schedule for the future transnational meetings
3. COVID amendment and its consequences for the project budget
4. EFOS activities linked with the project

To the point:

1. **Meeting in Dresden:** After 45 minutes discussion, some proposals and comments, such as:
 - we can meet in Dresden personally and part of the participants, who cannot travel can participate virtually;
 - we can need green passport / card to be allowed to travel abroad or to enter country;
 - there is a problem with the cancelation of the rooms according to the cancelation policy - for the group reservation it is minimum 40 days in advance and for individual reservation it is 5 days in advance.
 - Currently there are all restaurants and meeting rooms in Germany closed. It could cause the problems also in June;
 - the area of Saxony is the worst attacked in Germany,

we decided to propose new term for the transnational meeting in Dresden. It is September from 23 to 25. 9.2021 (22. September arrival, 23. – 24. September SELID transnational meeting, EFOS meeting, SELID Working seminar; 25. September Cultural visits).

2. **Schedule for the future meetings:**

September 2021 Dresden (22. – 25. (26).9.2021

D: It is necessary to check the booking list of the participants (Rainer and members)

December 2021 Alicante (1.12. arrival, 2. – 3.12. project transnational meeting, working seminar, 4.12. Cultural visits)

March 2022 Magdeburg transnational project meeting SELID conference, EFOS meeting. Meeting in Brno is going to be canceled, because of time shortage. The final conference in Magdeburg was already agreed for March 2022, therefore there are not possibilities to have meeting in Brno instead of Magdeburg.

Mobilities, which have been planned for Brno, can be realized at other transnational meetings and 10% of the mobility budget can be used as it is described below.

3. COVID Amendment and its consequences:

Amendment has been signed by the rector of Comenius University in Bratislava and Slovak National Agency SAAIC for the Erasmus+ programs on 28. April 2021.

Amendment gives possibilities when we realized minimum one virtual project meeting:

- To move 10% from the budget part for management to the part of the Special costs (I see it not important, because Management is the lump sum (Pauschale) which has flexible usage)
- To move 10% from the budget part for the transnational meetings (mobilities) to the part of the Special costs.
- Special costs can be used only for 3 reasons: 1. for the renting the rooms, 2. for the costs for hardware or 3. for the software cost. For the documentation of usage, you need to have invoice to show how money has been used.

Table for the 10% which can be moved from the transnational mobilities:

Project partner	Management and implementation for the whole project	Budget for the mobilities for the whole project	10% from the budget for the mobilities can be moved
Alicante	6.000	4600	460
Bratislava	12.000	9200	920
Brno	6.000	4600	460
Dresden	6.000	5750	575
Chemnitz	6.000	7475	747,50
Magdeburg	6.000	6325	632,5
Uppsala	6.000	5750	575
Wroclaw	6.000	6325	632,50
Total	54.000	50.025	5.002,50

4. EFOS activities linked with the project:

- Online conference on 22. June will be not only for the project partners, but also for the EFOS members. EFOS members are welcomed to present their activities in the subject of Digitalisation
- EFOS General Assembly and elections should be in autumn 2021
- EFOS News – results from the SELID research and activities will be published.

Deadlines:

1. Please, inform me, if you want to move your **10% from the budget for the transnational meetings** (mobilities) to the part of the special costs. ***D: Inform me by the 22. June***
2. If you are not clear about the **usage of this budget**, I can ask Slovak Agency, but I think your economists can find solution.
