# 1. Start of the project - 2019

- **Face to face UTA education** 2019/20 – before the pandemic
- **Smart phone courses** – 17 seniors, iphone and android, 2 lectures
- **Courses: Social networks and internet** – 35 seniors  
The content - **basic concepts** of the Internet, **types of connestions** (wifi, mobile data), **browser types** , **internet use** (e-shop, internet banking).

**Tools to simplify the use of the Internet** (bookmarks, history), **Social networks and basic concepts** (Facebook, instagram, skype)

**Facebook** – create an account, find friends, sharing information, how to behave safety on social networks, verification of resources, hoax, how to publish / share, basic security.

## 2. Research activities

- **Online questionnaire February – April 2020** - contact with the heads of the study groups – contacted 450 seniors, 181 replied and filled in the Q online.
- 18, 8 % male, 81, 2% female
- Evaluation via online Excel form - very useful and convenient ( for seniors more difficult than in the paper)
- Spring 2020 - Covid influence - Learning had to be stoped

# MARKETING - Dissemination

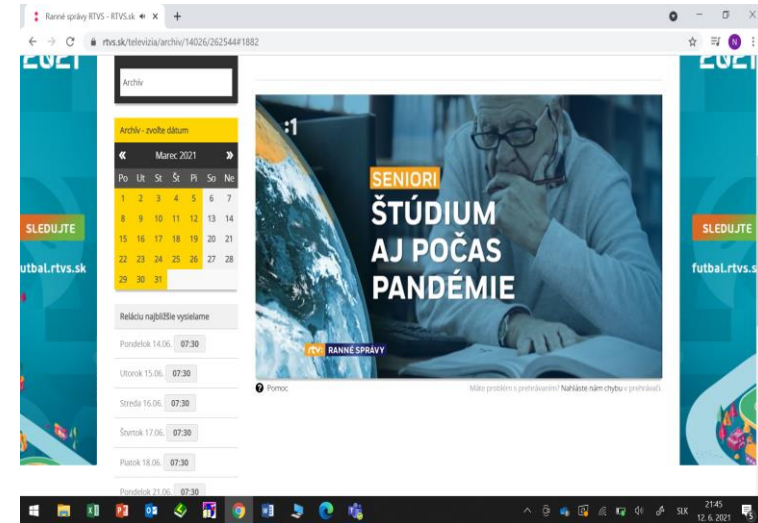

Dissemination via Email:

- to the heads of the study groups,
- contact persons in the communities

UTA web site: link on the online UTA,  
UTA activities for online learning,  
Web site of Comenius University

Personally – via leaflets  
- Newsletters in Slovak language

Using media for dissemination – TV - morning news,  
Evening pyramid, morning coffee – in Slovak radio

# Dissemination of the project SeLiD and activities

- Asociation of UTA in Slovakia, Czech republic
- Internation Asotiation of UTA – AIUTA
- Erasmus participants of individual mobility in Slovakia – visit from Technical University Liberec
- RUTIS Association Portugal – Porto
- Technical University Bratislava
- Minicipality of Námestovo and Bratislava
- Partnership - Charles University of Prague

### 3. Online UTV 2021

- **January 2021** - project "Online University of the Third Age" necessary to have an email address, a computer with a microphone and speakers, internet connection, a webcam was not a necessary condition.
- Students could actively participate in lectures, discuss with teachers and ask questions.
- The advantage of Online UTV was education from the comfort of home.
- Before the project starting -the training, sending the instructions and a simple guide on how to connect
- The IT technicians made a IT support

# Innovation of the study offer for the project Online UTV - January 2021

- Museology and Cultural Heritage
- Law
- Psychology
- Regeneration of the Seniors
- Gardening
- Archeology
- Artetherapy
- Astronomy
- Human and the Nature
- History of Theatre and Clothing
- Ethnology and Cultural Anthropology
- Philosophy
- Marketing and Media

# Communication with the Lecturers

- Procedure the similar to the regular study programs: but not in person, online training needed;
- Content of the study subject was specially prepared according to the interest of the teachers / lecturers
- Some lecturers without the skills on ICT needed help, seminary room for online connection , online followed according to the university instructions;
- without help of university ICT specialists we would not be able to realize online learning with seniors

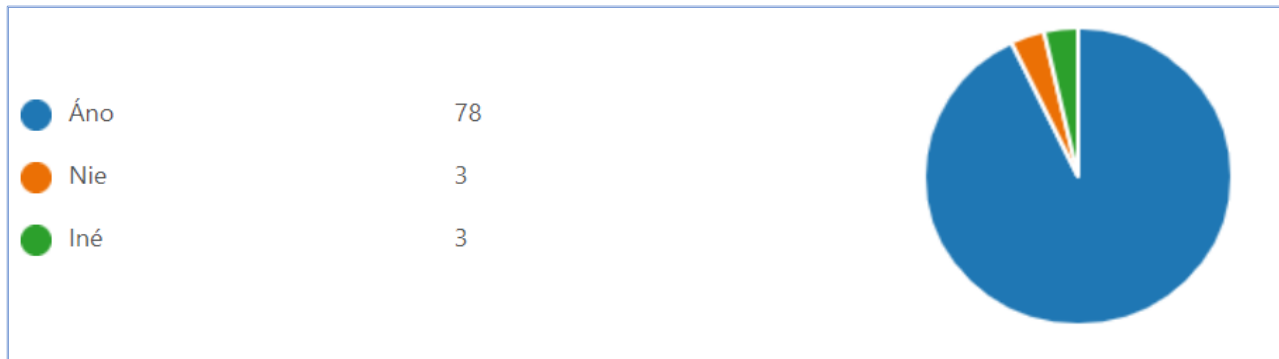

# Online UTA – satisfaction of the participants

- 300 seniors in 13 subjects, 130 lectures (February – May 2021)

- ▶ Was the UTA Online useful for you in the time of pandemic and home isolation?

*"In the situation we live in, I am grateful for the possibilities of online education; I was satisfied with the lectures. I learned a lot of new things"*

*„I was very much satisfied with the online education . It was very helpful in spending bad Covid period“*

# ONLINE CAFÉ

- Realised in May and June 2021
- Participants: 160 seniors
- Financed from the project SELID
- 4 lectures:
